

The Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear The Federal Communications Commission,

I urge you to reject a flat fee proposal that would
change how contributions are made to the Universal Service Fund.

The flat fee proposal you are considering means people who make
few long distance calls would pay the same as people or
businesses that make many calls. That means residential
customers would bear the same universal service fund burden as a
high-volume business customers. This is unfair!

I I urge you to reject the proposal to move the USF collection
system to a flat-fee.

Sincerely,

Jim Wells 7625 Rambler Road #145 Dallas Tx.75231
